Please state reasons and objectives for desiring to become a member of this committee/commission:

I served on the City Council and as Foster City Mayor in 1989, the last time there was major reconstruction of the levee. I have followed the latest developments in the approval and design of the new levee improvements and supported the bond measure which provides funds for these improvements.

In my profession, I have over 55 years experience in the design, construction and management of large construction projects and am familiar with CPM project management and expenditures of funds over a long period of time.

My objective as a member of this committee would be to insure that the project is completed within the scope, objectives and costs which were presented to the public in the information provided by the City in the request for bond approval.

Please state reasons and objectives for desiring to become a member of this committee/commission:

I would like to use my business and life experience to give back to the community of Foster City. Although I have not served the community in the past it is not that I hadn't wanted to. I brought my kids up in Foster City and full time single parented while working in some very high profile jobs at Apple, Cisco Systems, Juniper Networks, Polycom, BNP Paribas, and CIT Bank.

My love for the City coupled with my executive management experience overseeing hundreds of people in several countries, managing budgets, and juggling all of that as a proud father of two young adults is inspiring me to join the Foster City team to make sure that our investment in the levee is responsibly managed.

Please state reasons and objectives for desiring to become a member of this committee/commission:

In my professional life, I have managed multi-million dollar projects and a team size of up to 400 people.

I know how to run a successful project of this size. I think my input will add value to the success of this project.

My attention to detail should point out if there are any potential pitfalls.

Though I primarily implemented ERP systems, I worked with clients having a wide variety of verticles. Many of my clients are in the construction and building products industry.

I have lived in Foster City, a better part of my life. Due to my love for the city, I have been very vocal about various issues the city is facing. Rather than pointing out problems after the fact, I want to be part of the solution.

Please state reasons and objectives for desiring to become a member of this committee/commission:

While I do not have any experience with levy building, I do have extensive experience in contracting. As VP of Sales for North America for a number of major healthcare companies to include Philips, Kodak and Siemens, I have negotiated hundreds of multi-million dollars, multi-year/level, performance based contracts with numerous large health systems as well as many state, county, city and federal governments. I have lived in FC for 24 years and have thoroughly enjoyed our community and would like to be of help. This will be a huge contract for FC, perhaps one of the biggest we have encountered, and it will be critical to negotiate the best contract possible. I would like to offer my skills and experience on this project.

Thanks for your consideration,  
Eli Rapaich

Please state reasons and objectives for desiring to become a member of this committee/commission:

Respected Councilmembers-

Thank you for considering my application for the levee oversight committee.

The levee project is the largest public project we are undertaking since the founding of Foster City.

There is much at stake for our residents, corporations and business owners.

I am motivated to join the oversight committee due to the following reasons:

1. The project milestones / goals are reviewed from a resident's lens and not just administration lens.
2. I am familiar with the project history and participated in support of Measure P.
3. I have a good working relationship with staff and various other stakeholders.

Thank you once again for your consideration.

Regards,

Amit Saini

Please state reasons and objectives for desiring to become a member of this committee/commission:

As responsible citizen I feel a civic duty to contribute for many reasons listed below.

- 1) First of all I have not only followed the levee from inception. But have attended most of the meeting for several years on the subject. As well as supporting measure P
- 2) I bring a 30 year plus business man perspective with ability to listen.
- 3) I have the knowlege and background to explain the purpose for the levee
- 4) I have interfaced with the staff whether the City Manager, Council, or heads of departments to get a better understanding of cost and impact for our City.

I love Foster City

thanks

Please state reasons and objectives for desiring to become a member of this committee/commission:

I will be brief in completion of this application and volunteer to conduct follow-up discussion should this application leave open questions for reviewers:

- Gilead Sciences remains an active member of the Foster City Community and is keenly interested in understanding, supporting and investing in the long term safety of our residents and businesses. Gilead views this project as benefiting all aspects of our community and was a strong supporter of this project during the vote on the project.

- Gilead Sciences owns and operates property that is very near to the levee and could potentially be directly impacted by the execution of this investment project.

- Given my background in large capital infrastructure operations and reinvestment projects, I believe I can contribute to the viability and success of this project, and to this committee.

Please reach out to me should you have any questions regarding this application.

As a representative of one of the largest commercial landlords and the Metro Center Business Association, I feel that I can bring great value to the Levee Bond Oversight Committee. I have over 10 years commercial real estate experience, where I have worked with diverse groups from Google, Visa, home owners and small retail business owners. My previous experience working with business associations and city agencies will be of great value as I am well versed in understanding and analyzing expenditure reports and audit documents. Additionally, I am extremely interested in learning more about Foster City progresses and the levee project.

Thank you for your consideration.
