Please state reasons and objectives for desiring to become a member of this committee/commission:

My chief objective is to continue serving on this esteemed committee in order to complete the obligations set out for this committee - to ensure proper oversight of the levee bond funds.

Additionally:

- Gilead Sciences remains an active member of the Foster City Community and is keenly interested in understanding, supporting and investing in the long term safety of our residents and businesses. Gilead views this project as benefiting all aspects of our community and was a strong supporter of this project during the vote on the project.

- Gilead Sciences owns and operates property that is very near to the levee and could potentially be directly impacted by the execution of this investment project.

- Given my background in large capital infrastructure operations and reinvestment projects, I believe I can contribute to the viability and success of this project, and to this committee.

Please reach out to me should you have any questions regarding this application.

Please state reasons and objectives for desiring to become a member of this committee/commission:

My family (wife and 2 kids) has been living in Foster City for over 8 years. We are blessed to be part of a friendly, welcoming and helpful community. One of my favorite activities is walking and biking along the Bay Trail along with my wife and children, and this experience has been enhanced after the construction of the levee.

I am a senior business executive with finance, operations and leadership experience in companies such as Amazon, Walmart and Starbucks managing large P&Ls (> \$500M) and teams (> 3000 associates). I have also been an advisor to startups, and have mentored MBA students and executives. I have a strong understanding of finance, budgeting and audit, and have worked closely with multiple stakeholders, including employees, accountants, auditors, Board of Directors and the communities in which we operate.

My reasons for becoming a member of the Levee Bond Oversight Committee are:

1. I would like to be more involved in and give back to our community
2. Leverage my experience and expertise to provide oversight of the Levee Bond
3. Represent the community's perspectives and ensure the best use of our tax dollars
